

FOR ON-SHORE, OFF-SHORE
& WORK-OVER RIG APPLICATIONS

UNILIFT®

PREMIUM UX DRILL LINE

- ∞ Superior quality drill line
- ∞ Increased cut curve
- ∞ Reduce sheave wear
- ∞ Proven to outlast conventional drill lines by 300%
- ∞ 75% increased rope life through extended slip & cut program
- ∞ Less down-time = greater savings!

Unilift

SPECIAL WIRE ROPES

uniliftequipment.com.au

Unilift's UX Drill Line is a tailor-made wire rope construction manufactured for the Oil and Gas drilling industry.

Extensive trials have proven the UX Drill Line to achieve superior service life to conventional drilling line. Results vary from 200-350% additional service life, depending on the cut-off program chosen by the contractor.

The service life of Unilift UX Drill Line will be increased dramatically by following the discard and evaluation criteria outlined in API 9A.

UNILIFT® PREMIUM UX DRILL LINE

Diameter (inches)*	Weight (kg/100m)	MBL - EIPS		MBL - EEIPS
